The Champions of the Eastern League to Cross Bats With the Wheelings in the First Exhibition Base Ball Game of the Season of 1900.

This afternoon at 3:30 o'clock, the Rochester champions of the Eastern League, the most important minor league in the country, will cross bats with the Wheelings in the first exhibition game of the season of 1900 on the local grounds. The game will be played at 3:30 o'clock and is to be played unless rain interferes; cold weather will not on figure, says Manager Lytle. The Rochester assembled at St. Louis for a night ago and have been playing National, American and Inter-state teams in the west nearly every day, so that they are in fine fettle for the two contests with Wheeling to-day and tomorrow. On the contrary, Wheeling has not played a game, owing to the bad weather that has been continuous since the boys reported last week. For this reason the fans should not expect the Rochester to do the best work they are capable of. The Wheelings will bat in the following order: Congatien, cf; Mearns, 1b; Taylor, 2b; Lyons, 3b; Taylor, 4b; Rothman, ss; Pequinney, 3b; Ritter, c; Poole, Skopce and Bowman, pitchers.

The Rochester games will be umpired by Jack Crogan, who is an aspirant for a place on Charley Power's umpire staff.

Manager Lytle has a letter from Manager James H. Manning, of the Kansas City American league club, in which he states that Pitchers Pardee and Strickland are in fine condition and will leave for Wheeling upon receipt of transportation. The tickets were wired last night and the pair ought to be here Saturday or Sunday.

Catcher Boyd reports Monday, having been detained by the death of his wife's father.

Reports that Pitcher Bates will not come to Wheeling, going instead with Mayor Fleischman's crack team which the Cincinnati man proposes to have as an attraction at his Catskill summer house this summer, are not true. Bates will be here next week.

Third Baseman Pequinney arrived yesterday. His record is fine, and the fans expect to see the Texan do some sensational work at his corner of the diamond.

In '98 Meany and Congatien, of the Wheeling outfield, batted .330, and the other outfielder, Billy Taylor, hit that season at a .320 clip. Won't this outfield be a terror to Inter-state twirlers?

THE AMERICAN LEAGUE

Meeting in Chicago Yesterday—The Agreement Ratified.

CHICAGO, April 12.—Magnates of the American Base Ball League held their last meeting to-day, prior to the formal opening of the base ball season of 1900. The meeting was an important one, as the playing schedule prepared by President Ben Johnson came up for adoption, and other important business was transacted, including action on the peace agreement, between the American and National leagues, involving the placing in Chicago of an American league team under the management of Charles Comiskey, the taking over of the National league grounds in Cleveland as American league territory, and the adoption of a general plan to work in harmony with the major league.

The meeting, which was held at the Great Northern hotel, was attended by all the officials of the league, including President Johnson, Killilea and Comiskey, of Milwaukee; Comiskey, of Chicago; Manning, of Kansas City; McAleer, of Cleveland; Saults, of Minneapolis; Watkins and Allen, of Indianapolis; Burns and Stallings, of Detroit; and Franklin, of Buffalo.

All of these present spoke enthusiastically of the prospects for a successful season, and it was the belief that all the articles of agreement with the National league would be adopted with but little debate. The season, it is un-

A HUSBAND SAYS:

"Before my wife began using Mother's Friend she could hardly get around. I do not think she could get along without it now. She has used it for two months and it is a great help to her. She does her housework without trouble."

Mother's Friend

is an external liniment for expectant mothers to use. It gives them strength to attend to their household duties almost to the hour of confinement. It is the one and only preparation that overcomes morning sickness and nervousness. It is the only remedy that makes labor short and delivery easy. It is the only remedy that puts the breasts in condition so that swelling or nursing is impossible. Don't take medicines internally. They endanger the lives of both mother and child.

Mother's Friend is sold by druggists for \$1.

derstood, is to open here April 19, with a series between Milwaukee and Comiskey's White Stockings. Comiskey announced that his grounds were in readiness.

Mansey and "Tank" Kenny.

The next attraction the Metropolitan club will offer will be William Mansey, of Marietta, and "Tank" Kenney, of the United States, and formerly of the Sixth ward, this city. Both are heavyweights and on this account there will be a desire to see the big fellows go it. Kenney has a wide reputation, but little is known of Mansey. Down at Marietta they think he is the whole thing, and his forfeit of \$100 came on yesterday, with the statement that more money would be put up if necessary. The club has matched them for Monday night, April 23.

Jeffries and McCoy Matched.

NEW YORK, April 12.—Jim Jeffries and Kid McCoy were watched to-day to meet in a twenty-five round bout on July 30, before the club offering the largest purse. Charley White will be the referee.

Another Match.

CLEVELAND, O., April 12.—A match has been arranged between "Kid" Broad, of this city, and Jack McClelland, of Pittsburgh, before the Business Men's gymnasium club, on May 1. The match will be for twenty rounds.

Martin's Ferry Briefs.

The prospects for the Wheeling base ball team to secure grounds in this city for Sunday games is not at all bright just at the present time. The better class of citizens in this city do not approve of this being made a pleasure resort and allow sports here that are prohibited in that city, and besides it is a violation of the state laws and it is a two to one shot that there will be no Sunday ball played in Martin's Ferry this year.

Yesterday morning Marshal Lindemuth arrested a girl by the name of Ida Baker, who was wanted by her parents in Wheeling. The girl was found by the marshal working in a private family in this city, and after consulting her mother, was allowed to return to work here.
